Promote Your Business Here!

The James City County Parks and Recreation *Destination Recreation* activity brochure offers a unique opportunity to promote your business or organization!

The brochure is distributed twice annually – community wide and within the Williamsburg/James City County public schools to youth in grades K-8. Over 7,400 school-age youth take this publication home to their families!

We can help you to:

- reach new, targeted audiences
- build your brand
- support a quality community

The *Destination Recreation* activity brochure is available to Parks and Recreation's entire customer base. Last year alone, that translated into more than 2,500,000 opportunities for you to reach a new audience through their attendance in our programs, at County parks and within County recreation facilities. The brochure is also distributed to local childcare centers, the James City County and City of Williamsburg libraries and County government public offices, expanding the untapped client business you may want to reach.

We offer a variety of affordable rates and ad sizes. In addition, your advertising dollars go further through the long, six-month shelf life that readers keep the brochure.
